

Goalkeeper training? Keeperschool.ch and je-crois!

keeperschool.ch and je-crois have been working in partnership since 2008. Approximately **50 young goalkeepers** between 10 and 20 years old from central and eastern Switzerland **are supported and nurtured** there each year.

As part of the good collaboration, **Jörg Saabel**, owner of **je-crois**, **donated** a je-crois-(JC) **goalkeeper shirt** this year. **The lucky wearer** is **Yanic Traber**, born 1999, goalkeeper of FCZ Akademie Zürich Oberland U14. May the motto of je-crois: “Your trust in your own strength is your success” fulfil him with confidence and an increasing performance.

Jörg Saabel wishes to maintain this contribution to the keeperschool-goalkeeper training. He himself is a **football coach with Zug 94** and by now he is able to look back on an **impressive number of 13 young goalkeepers** from his previous clubs (as coach with FC Aegeri and FC Küssnacht.) whom **he had trained** here.

The **respectable result of this training** (which Jörg Saabel has also integrated in his training sessions) is reflected in the clubs at championship games when the goalkeepers deliver outstanding performances and thus contribute crucially to **the success of their teams**.
