

Right To Play is an international organisation which uses the positive power of games and sports to empower underprivileged children and adolescents. Games and sports convey elementary skills and values and therefore serve as an efficient and sustainable instrument in supporting development, health and peace.

April 18th 2013

Dear Mr. Saabel

Within the framework of your birthday numerous people from your circle of friends transferred an amount to Right To Play. We are delighted to inform you that until today, we have received donations in the amount of CHF2'500.- In the name of Right To Play we would like to cordially thank you for this valuable contribution.

This significant financial support enables for example around 50 children to participate in weekly, regular Right To Play games- and sports programmes. Important life values can be experienced and are brought to the children through fun and games such as team work, fair play, respect and tolerance. Again, our sincere thanks to you and to all your associated donors.

We wish you all the best for the future.
