*“Warm clothing for cold sports days”*

## The JC-running shirt

**As part of the health campaign in soccer: “Warm clothing for cold sports days – the JC-running shirt” the company “Je-crois” in Baar gave away a certificate to one of the players. A sports camp stay at Mario Sager’s (MS-Sports-Camps) is raffled off once a year for all the customers, who buy a shirt.**

### PD/SB

Lukas Steiner, goalie for the “FC Hünenberg”, was chosen as a winner. He can expect highly qualified coaches who, in April, will train him well in all areas of soccer for five days at the camp in Steinhausen. “MS Sports Camps” is the Swiss leader with ten different camps, tennis and unihockey included. The “FC Hünenberg” had already taken part in the campaign along with the “FC Menzingen” in September and has already accumulated two hundred francs in bonuses with minimum effort. Jörg Saabel along with five project partners in Unterägeri (Ägerisport), Baar (Athleticum), Zug (Fischbi’s Herti-Corner), Cham (Börlin Sport) and Küssnacht (Rigi-Sport) take care of advising the members as well as selling to the members.

### Protection from the cold during sports

The collection is complemented with a cap, gloves and shorts that will shield the muscles from hypothermia. This way the kids are well protected when playing sports on cold days in September, October, March and April. Since the items are available on short-notice, there won't be any shortage of supplies when the cold weather starts.
